

The Past Year in the Lake of the Pines Subdivision

Here we look at homes sales in the Lake of the Pines subdivision. Excluded are lakefront and golf course properties. The price per SF has been stable, but the overall price has increased due to larger homes being sold (1750 SF to 2200 SF). Below left we have the median sales price matched against the number of sales. At below right we have the inventory analysis. 06/02/2016.
