

The Past Year in Lake of the Pines

Here we look at home sales in Lake of the Pines, using only MetroList data and non-lakefront properties. Included are normal sales, short sales and REO (foreclosed sales). The price per SF chart indicates a slight increase over the past year. Below left we see the percentage of REO sales and Short Sales, showing very few of either. At below right we see the prices for each category. The gray bars (normal sales) have shown an increase. 02/19/2015.
